Creative freedom, Atlas style

atlas
HOMEWARES
...because style matters

Design it your way with the new mix and match Tableau Collection from Atlas Homewares.

To celebrate Artistic Freedom, Atlas Homewares makes it easy to create your very own design statement with the new Tableau Collection.

With Tableau, you can mix and match 2 shapes and 4 finishes within 4 different sizes allowing plenty of room for creativity and style selection. The Tableau Collection features 4 sizes of round or square bases that you may combine seamlessly with angled or arced handles.

The end result is a custom configuration that celebrates artistic freedom!

Individual pieces are sold separately – allowing you to fashion your own “collection”. Pair a round base with a square handle, or vice versa. With finishes, possibilities include pairing Polished Chrome with French Gold for a dramatic look, or choose a Brushed Nickel base and a Polished Nickel handle to add dimension. The Tableau Collection may be installed in either a horizontal or vertical position for even more variety and handles may be installed without the bases as well.

Use one style on cabinet doors and another for drawer fronts – it’s all up to you!
